

Request Form

WTA provides free classroom passes to teachers when they ride with their students on our fixed route service.

Classroom groups will be riding with the general public. We're not able to reserve or guarantee your seats on the bus. If the bus you want to board is filled to capacity, (as determined by the driver) your group won't be able to board. We can work with you before your trip, and give you an idea of how likely this is to happen.

- The **maximum group size is 25**, including students, teachers and chaperones. If your total group size is larger, you'll need to split into two or more groups and travel on different buses.
- We need your completed application at **least 14 days before** your trip.
- Classroom passes are **non-transferable** and are valid only for the date on the pass.
